BuyBack Policy

- YOR Health's BuyBack policy is meant to protect individuals who want to leave the YOR Health opportunity and who believe they had mistakenly purchased more inventory than they could sell. These policies specifically DO NOT apply to a Independent Distributor who, for the purpose of qualifying for a bonus or some other benefit, has falsely certified that the inventory for which they are attempting to receive a refund has been previously sold as reference to the "70% Resale Rule." The "70% Resale Rule" states that at the time in which Select Customers and Independent Distributors try to order more products, they certify that seventy percent (70%) of their entire previous inventory has already been sold and/or consumed. Falsely representing the amount of product sold or consumed in order to advance in the marketing compensation plan will be grounds for termination.
- The request for a BuyBack must be made within one year of the products' original purchase date. Reimbursement will be made for the value of the original order less 10% for restocking, freight, rebates, bonuses and personal discounts. YOR Health reserves the right to not repurchase products or issue refunds on products certified as having been consumed or sold.
- The repurchase price of the last order placed (if in resalable condition) will be not less than 90 percent of the original net cost you paid. Net cost does not include shipping and handling or administrative fee.
- Items are deemed resalable or reusable if they are returned within one year of the date of purchase, and are unused/unopened and in their original packaging. Items that have been discontinued, or are within six (6) months of expiring, are not considered to be resalable. Items that do not have current labels are deemed not resalable. Any damages to the product, as the result of mispackaging or improper shipping for the return shipment, shall be your sole responsibility and considered non-resalable.
- All bonuses, compensation and recognition or advancement received as a result of the original purchase will be reversed and the amounts will be deducted from the refund and/or uplines' commission. You should notify your upline sponsor of your intent to terminate your Independent Distributor position.
- Literature sales are final and are non-refundable.
- All BuyBack returns need to follow Procedure for all Returns.
- BuyBack Policies Controlled by Specific State Law: In some states there is a statute or regulation that provides for a different BuyBack Policy. YOR Health will conform to all such laws.

o **In Georgia:** We will repurchase all unencumbered products, sales aids, literature, and promotional items which are in a reasonably resalable or reusable condition and which were acquired by the participant from YOR Health. The repurchase shall be at a price not less than 90 percent of the original net cost to the participant of the goods being returned. For purposes of this paragraph, "original net cost" means the amount actually paid by the participant for the Independent Distributor Return/ Refund Policy goods, less any consideration received by the participant for purchase of the goods that is attributable to the specific goods now being returned. Goods shall be deemed "resalable or reusable" if the goods are in an unused, commercially resalable condition at the time the goods are returned to YOR Health. Goods which are no longer marketed by YOR Health shall be deemed "resalable or reusable" if the goods are in an unused, commercially resalable condition and are returned to YOR within one year from the date YOR Health discontinued marketing the goods; provided, however, that goods which are no longer marketed shall not be deemed not "resalable or reusable" if the goods are sold to participants as non-returnable, discontinued, or seasonal items and the non-returnable, discontinued, or seasonal nature of the goods was clearly disclosed to the participant seeking to return the goods prior to the purchase of the goods by the participant.

o **In Maryland, Oklahoma, Idaho and Texas:** On written request from the purchaser, and not later than the first anniversary of the purchaser's date of purchase, all unencumbered products that are in an unused, commercially resalable condition at a price not less than ninety percent (90%) of the amount actually paid by the purchaser for the products being returned, less any consideration received by the purchaser for purchase of the products being returned. A product that is no longer marketed by YOR Health is considered resalable if the product is otherwise in an unused, commercially resalable condition and is returned to the seller not later than the first anniversary of the purchaser's date of purchase, except that the product is not considered resalable if before the purchaser purchased the product it was clearly disclosed to the purchaser that the product was sold as a non-returnable, discontinued, seasonal, or special promotion item.

o **In Massachusetts and Wyoming:** We will repurchase all unencumbered products in a resalable condition then in the possession of the participant. The repurchase shall be at a price of not less than ninety percent (90%) of the original net cost to the participant returning such goods, taking into account any sales made by or through such participant prior to notification to YOR Health of the election to cancel.

o **In Louisiana:** We will i) repurchase all or part of any product that are in a resalable condition at 85% of the original net cost to you, and ii) repay 85% of the original net cost of any services provided to you, and iii) refund ninety percent (90%) of any other consideration you paid to us in order to participate in the marketing program.

o **In Montana:** Montana residents who cancel their membership within 15 days are entitled to a 100% refund of any consideration given to participate.
